

COOLING FANS

Brighten Up Your Lifestyle.

Three speed 80mm & 120mm TriCool LED fans keep your system at maximum cool while spotlighting your case with vibrant Blue, Green, Red or Trilight colors. More reasons to show off your system to the world.

Special Features:

- 3-speed switch lets you balance quiet performance with maximum cooling
- 3-pin and 4-pin power connectors provide convenient connections to your motherboard or power supply
- Fan-speed monitoring capability included (requires compatible motherboard)
- 80 and 120mm sizes
- Available in Blue, Green, Red or Tricolor
